

STORIES FROM THE RICH PAST OF OUR PARISH

I have been thinking a great deal about the trials that our forbearers bore in the early years of our church. We have been blessed by Rectors who were shepherds to a flock which could be both fractious and demanding. When we think of the primitive church building and that for the first sixty years there was no heat whatsoever. As well the congregation sat on rough wooden benches.

This reminds us that our ancestors were people of strong faith and determination. Being Rector and Wardens was not an easy task. During the next few weeks I will try to paint a picture of the early years of the Church. I have found many stories which reflect the early years of tribulation which led to our parish as we know it today.
